

Israeli-Palestinian Conflict

In the initial Israeli-Palestinian Conflict assignment you were asked to identify 3 questions you had regarding this conflict. You will now select one of these questions or create a new question based on the information you now know. Your question should be one whose answer will help you better understand what is happening in this conflict. It must be a question that can be answered with some research (it cannot be a philosophical question or one about the future) and should not be a question we have already answered in class.

Once you have selected your question, you will conduct some research and answer the question. It is important to consult multiple sources and ensure that these sources represent more than one perspective (both the Israeli and Palestinian viewpoints). You will submit your question and its answer next class. Please be sure to answer the question in your own words and include your sources.
